PARAMOUNT GARDENS 1945

ROCK GARDEN PLANTS EXCLUSIVELY

We shall not attempt a regular catalog again until final Victory is won; the scarcity of labor, plants, paper and the many items used in this business makes it imperative that we curtail our activities until they become more plentiful; while there are a number of plants of which we have but a few or limited quantities we are listing only those which we can guarantee to deliver thru the season: among them you will find some things new to the East that have been thoroughly tested here and found amenable.

All plants are as usual guaranteed true to name, the same quality of plants as ever and the same guarantee of delivery.

All plants are 30 cents each, three for .85 delivered, unless otherwise noted. Five plants sold for the price of four; add 10% for delivery west of the Mississippi.

We cannot accept orders for shipment for less than \$2.00.

ROCKGARDEN PERENNIALS AND ALPINES

- 1—ACHILLEA tomentosa, finely cut foliage, yellow flowers
- 311—A. nana, prostrate white flowers
- 57—ACTINEA herbacea

 36—*C. muralis*
 729—*C. pascharkskyana*, gray blue
 37—*C. pusilla*
 38—*C. pusilla alba*, .35
 287—*C. turbinata*
 114—*C. turbinata alba*, .50
 137—*C. glomerata acaulis*
 51—*COREMA conradii*, crowfoot berry, native of
 New Jersey Pine Barrens, a low shrub with
 fine foliage, .75
 53—*COREOPSIS auriculata nana*
 40—*CERASTIUM tomentosa*
 191—*CORNUS canadensis*
 103—*CORYDALIS lutea*
 41—*DELPHINIUM chinensis*
 174—*DIANTHUS arvensis*
 296—*D. nitidus*
 45—*D. deltoides*
 46—*D. neglectus*
 25—*D. peristeri*, prostrate, good habit, large pink
 flowers, .75
 145—*D. roysi*
 561—*DICENTRA eximia*
 720—*D. formosa*
 524—*D. spectabile*, .50
 306—*D. cucularia*, native, .10, 3 for .25
 562—*DODECATHEON hendersoni*
 67—*D. cusicki*
 726—*D. meadia*, .25
 446—*D. pauciflorum*

- 602—*D. hugeri*
 89—*D. conjugens*, Rockies, purple, 6", .30
 50—*D. amethystinum*, jewel shooting star, .50
 739—*DORONICUM clusii*, .35
 549—*DOUGLASIA montana*, .50
 563—*DRABA repens*, .35
 9—*D. aizoides*, .40
